

Common Council.

BOARD OF ALDERMEN.
Jan. 21.—The Board met at the usual hour. M. Morris, President, presided. The minutes of last meeting were read and approved.

PETITIONS REFERRED.

Officer Nichols, relative to violations of city ordinances at No. 21 Cliff Street, who have vacant lots on Broadway between Twenty-first and Twenty-third streets, fenced in, to right of the western side of the Sixth avenue, to Thirty-fourth street, with gas meter of Jeremiah Miller, to be appointed a Commissioner of Deeds.

RESCIND.

Received, That the Comptroller give public notice in the city papers, to all persons desirous of obtaining one or more dock and slip accommodations of the Corporation for the ensuing year, that application for any of the same docks and slips will be received at the Comptroller's office until Saturday next, 26th inst., at 4 o'clock. Adopted.

Resolution to have the Rue pavement, between Madeline lane and John street, grooved at right angles to the curb stones, the grooves to be made three fourths of an inch deep, and one inch wide.

The presentation of this resolution elicited considerable discussion as to the manner in which docks and slips are leased. The Alderman of the Eleventh ward said that the system which the Corporation has hitherto pursued in the leasing of docks and slips, has given great satisfaction.

He observed that they don't have two per cent. of their docks and slips while parties who possess the lease of the same, realize handsome profits by a practice of subleasing. He was always in favor of doing what he could do to assist the Corporation in its efforts to secure compensation for building a sewer in Twenty-seventh street.
